THE FARC: THE LONGEST INSURGENCY

DOWNLOAD

Zed Books Ltd. Paperback. Book Condition: new. BRAND NEW, The FARC: The Longest Insurgency, Gary Leech, To many - the Colombian, U.S. and the EU governments among them - the Revolutionary Armed Forces of Colombia (FARC) is no more than a terrorist organization. Moreover, they claim that the FARC is only engaged in criminal activities and no longer maintains an ideology. But does this tell the whole story? Or can terrorism be a strategy for furthering ideological objectives - irrespective of how the terrorist actions may appear to contradict stated political and ideological beliefs? As the UN's special envoy to Colombia noted in 2003, it would be 'a mistake to think that the FARC members are only drug traffickers and terrorists'. Part of Zed's groundbreaking Rebels series, Garry Leech has written the definitive introduction to the FARC, examining the group's origins, aims and ideology, and looking at its organizational and operational structures. The book also investigates the FARC's impact on local, regional and global politics and explores its future direction. As someone who reported from the frontline in Colombia for many years and was himself kidnapped by the FARC, Leech offers an unparalleled insight into one of the world's most high-profile armed revolutionary organizations. 'Rebels' is an exciting and innovative new series looking at contemporary rebel groups and their place in global politics. Written by leading experts, the books serve as definitive introductions to the individual organizations, whilst seeking to place them within a broader geographical and political framework. They examine the origins, ideology and future direction of each group, whilst posing such questions as 'When does a "rebel" political movement become a "terrorist" organization?' and 'What are the social-economic drivers behind political violence?'. Provocative and original, the series is essential reading for anyone interested in how rebel groups operate...
