Reviews

Here is the greatest pdf i have got read through till now. It typically will not charge excessive. You wont really feel monotony at anytime of the time (that's what catalogs are for concerning when you question me).

(Eulalia Langosh)

FAILURE IS NOT AN OPTION (LIBRARY EDITION): MISSION CONTROL FROM MERCURY TO APOLLO 13 AND BEYOND

Tantor Media, Inc, United States, 2011. CD-Audio. Book Condition: New. Library ed. 178 x 178 mm. Language: English . Brand New. Gene Kranz was present at the creation of America s manned space program and was a key player in it for three decades. As a flight director in NASA s Mission Control, Kranz witnessed firsthand the making of history. He participated in the space program from the early days of the Mercury program to the last Apollo mission, and beyond. He endured the disastrous first years when rockets blew up and the United States seemed to fall further behind the Soviet Union in the space race. He helped to launch Alan Shepard and John Glenn, then assumed the flight director s role in the Gemini program, which he guided to fruition. With his teammates, he accepted the challenge to carry out President John F. Kennedy s commitment to land a man on the moon before the end of the 1960s.Kranz was flight director for both Apollo 11, the mission in which Neil Armstrong fulfilled President Kennedy s pledge, and Apollo 13. He headed the Tiger Team that had to figure out how to bring the three Apollo 13 astronauts safely back to Earth. (In the film Apollo 13, Kranz was played by the actor Ed Harris, who earned an Academy Award nomination for his performance.)In Failure Is Not an Option, Gene Kranz recounts these thrilling historic events and offers new information about the famous flights. What appeared as nearly flawless missions to the moon were, in fact, a series of hair-raising near misses. When the space technology failed, as it sometimes did, the controllers only recourse was to rely on their skills and those of their teammates. Kranz takes us inside Mission Control and introduces us to some of...
