Thorough guideline! Its this type of good read. It is really simplistic but shocks from the 50 percent from the publication. It is extremely difficult to leave it before concluding, once you begin to read the book.

Trafford Publishing, Canada, 2011. Paperback. Book Condition: New. 216 x 208 mm. Language: English . Brand New Book ***** Print on Demand *****.From an early age children are exposed to nursery rhymes and they remember good and fun ones forever. Young children like absurd poems, the sound of the rhyming words and the silliness entertain them and they learn to enjoy and like poetry. The rhythm of poetry is the natural way to learn language and this is the pathway to reading and writing. In this book I present some Montessori materials in a fun and creative way. Children enjoy identifying the characters with something they see in their daily environment. Illustrating and writing poetry for young children is the best gift I can give them!.
