BRILLIANCE AUDIO, United States, 2015. CD-Audio. Book Condition: New. Unabridged. 171 x 133 mm. Language: English . Brand New. With no end to the global debt crisis in sight and the American economy sinking into depression, traditional advice on money could lead millions of innocent victims down the road of deepening losses. But with this timely audiobook, Martin Weiss will guide you to the truly safe havens and show you how to turn this crisis into a unique wealth-building opportunity. As Editor of the Safe Money Report and author of *Crash Profits*, Martin Weiss specifically warned of this crisis well before it began. Indeed, the accuracy of his analysis is why the U.S. Government Accountability Office has praised his work; the New York Times wrote that he was the first to warn of the dangers and say so unambiguously; and the Wall Street Journal reported that his company's research outperformed that of all Wall Street firms they covered. Step by step, Weiss outlines effective strategies that will help you to sidestep the continuing dangers in stocks, cut your losses in real estate, escape a banking crisis, build a substantial cash nest egg, and put that cash away in the safest possible place. To survive the crisis on Wall Street and Main Street, you don't need extensive investing experience or the ability to forecast the future. All you need is the courage to get out of its way. So throw out your preconceived notions, start with a clean slate, and follow the commonsense guidance found in this reliable resource to survive and thrive during the turbulent times ahead.
