Dover Publications Inc., United States, 2012. Paperback. Book Condition: New. Greer Fitting (illustrator). Reprint. 213 x 135 mm. Language: English . Brand New Book. A charming and challenging adventure. Wordplay, the Crossword Blog of The New York Times Alice and her friends return for another romp through Wonderland and the Looking-Glass with these eighty-eight puzzles, paradoxes, and logic problems. Raymond M. Smullyan's characters speak and behave like the originals, and their puzzles abound in typical Carrollian word play, logic problems, and dark philosophical paradoxes. Isaac Asimov described this book as amusing, entertaining, and surprisingly educational. And it might just send you back to reread Alice. Readers of all ages will delight in the charming stories and the wealth of ingenious puzzles. Written by a distinguished mathematician and creator of popular puzzle books, this volume requires no background in formal logic. The puzzles become progressively more complex, and complete solutions appear at the end. Puzzle authority Martin Gardner provides an Introduction to the text, which is enhanced by sixty charming illustrations. An ingenious book, declared the Boston Globe, magnificent for those who like conundrums, amusing for those who don't, and a tribute in itself to the genius of Lewis Carroll.
