(Stand 98.) Clowes (william George), Stamford Street, S.E.--Hooker s Type-Composing Machine, and Clowes s Machine for Blackleading Electrotype Moulds. In the Type-Composing Machine the discharge of the types from the troughs is effected by means of a range of small electro-magnets, placed one behind each trough, and in connection with metal contact-plates, at which the compositor operates. These contact-plates are of different sizes, being, in fact, as to comparative size, shape, and arrangement, a copy of the ordinary lower case. Before these contact-plates, as before a desk, the compositor sits and proceeds much as he is accustomed to do: only that, instead of picking out the types from the boxes of his case, he touches in succession the corresponding contact-plates with a wire

Reviews

An exceptional ebook and the font employed was fascinating to read through. I actually have study and so i am certain that i will likely to read once again yet again in the future. Your life period is going to be change as soon as you complete looking at this book.
